Kunderd Gladioli Stand Supreme

A. E. KUNDERD

The Originator of the Ruffled and the Laciniated Gladioli

GOSHEN, INDIANA, U. S. A.

A. E. KUNDERD, Goshen, Indiana, U. S. A.

To Commercial Growers:

MY RETAIL business has grown to such an extent that the problem of issuing a wholesale catalog is becoming more and more difficult each year. For several months I have feared that perhaps I could not issue a wholesale list. However, I have harvested an unusually fine crop of bulbs and have a limited stock to offer at wholesale.

Although 75 acres were devoted to gladioli this last season, I am sure the supply will be short because of the great demand for Kunderd bulbs. Because of the limited stocks, I must reserve the privilege of discontinuing wholesale prices without notice. As disappointing as I am sure it will be to most of you who receive my wholesale list I really did not have sufficient stocks to list a great many of the varieties in first, second, third and fourth sizes. Even in the stocks I am listing there will not be an abundance to offer, so I urge you to place your order early in order to assure yourself of the exact varieties and the sizes you want. This is not the usual sales talk, but really a true statement of existing facts which were caused by the very heavy selling last year. This depleted the stocks to low levels and it was impossible to regain these losses through the past growing season, although it has been a most favorable one.

You will find in the rare and recent introductions that all sizes are offered, but even here there is a scarcity because the most of these are offered for the first time and are not in large supply.

The prices quoted in this list are the lowest possible consistent with the high quality bulbs which will be furnished. The 130 new introductions can easily be identified by the date indicating the year of introduction (1930) which is shown after each new variety. These new gladioli are priced extremely low consistent with high quality, scarcity and the fact that this is the first year they are offered to my customers.

I have huge storage houses with modern heating equipment, necessary for the proper curing of gladiolus bulbs. All bulbs are carefully hand picked to assure uniform quality.

I appreciate the many orders received last season (over one hundred thousand) and hope I may enjoy your order again this season.

Orders are filled as nearly as possible in the manner in which they are received and I would not want you to be disappointed by sending your order too late.

My stock of bulbs is the finest I have produced in many years.

*A Copy of My Golden Anniversary 1930 Retail
Catalog will be Mailed You Early in January.*

Terms — Please Read Before Ordering

No orders accepted for less than \$3.00. Each order is treated as an individual order and smaller orders sent at different times can not be combined to make the order total the required amount. Orders for less than this amount can only be filled at a loss, that is at these wholesale prices.

A discount of 5% will be allowed on all orders received with the full remittance. Orders for more than \$10.00 will be held on a deposit of 25% and shipped when wanted (up to April 1st), C. O. D. for balance. Orders under \$10.00 are cash. All orders from outside of the United States proper must be accompanied with full payment.

All prices quoted are F. O. B. Goshen and subject to stocks being unsold on receipt of orders. There will be no charge for boxes or packing. In making shipments, I will send the cheapest way. When sending by Parcel Post, the shipment will be mailed C. O. D. for postage charges. Do not remit payment for postage as this can not be accurately figured.

My guarantee: Stock to be of the best quality, and true to name. I will gladly replace any bulbs that are not true to name as I am anxious to satisfy all of my customers. Also in the event your shipment does not arrive in a satisfactory condition please notify me at once.

As all orders are filled in rotation in which received my advice is to order early so as to prevent refunding. No substitutions will be made unless by special request by the party ordering.

All stock is offered subject to prior sale and orders accepted subject to any contingencies beyond my control.

Bulbets will be furnished by the pint, at the quart rate.

No shipments will be sent prior to Feb. 15.

The Kunderd Institution

THE name of A. E. Kunderd on the package of bulbs you receive means that you are one of the thousands of people who are buying the best Gladioli in the world. Every year more and more people are buying Kunderd Gladioli. Why not keep up with the modern trend and insist that your customers receive the best—Kunderd Gladioli.

The high reputation which has been won by Kunderd Gladioli has not come suddenly. Its roots were established fifty years ago, and from that time the business has grown steadily until now about 75 acres are devoted to the growing of high class varieties only. I employ over 100 during the busiest seasons. This is all a direct result of many years of adherence to producing and offering my customers the very best Gladioli it is possible to buy.

The knowledge of these things is a source of comfort and pride to every customer. The name, A. E. Kunderd, on the package of bulbs you receive means that this institution is back of your purchase—always willing and glad to lend a helping hand in solving your questions and to safeguard your interests.

The Kunderd Standard

The value of a single flower can never be measured in terms of money. Nature is not mercenary, she gladly gives the best she has that we all may enjoy a full measure of happiness. Nature is our partner in business, and never do I go out into the gardens without feeling her indispensable value. Our work consists merely of helping nature overcome many of her obstacles and in return she shows her gratitude by offering us the marvelous blooms we are proud to list in our catalog. Fifty years of intimacy with the flowers has given me a knowledge that has enabled me to pass on to my flower-loving friends the finest blooms that nature has produced. The standard, constantly maintained on the Kunderd farms is one of perfection, insofar as is humanly possible, and the policy pursued has given us a host of friendships of which we feel justly proud.

The vast amount of National Advertising I do annually in such Magazines as: Good Housekeeping, Better Homes and Gardens, Ladies' Home Journal and a great many others is constantly creating a bigger demand for Kunderd Gladioli. Why not cash in on the ever increasing popularity of Kunderd Gladioli by placing your orders with me so that you can furnish genuine Kunderd Varieties to your customers.
